CPAI-84 CSFM COMPLIANT

## CONFIGURE YOUR TENT.

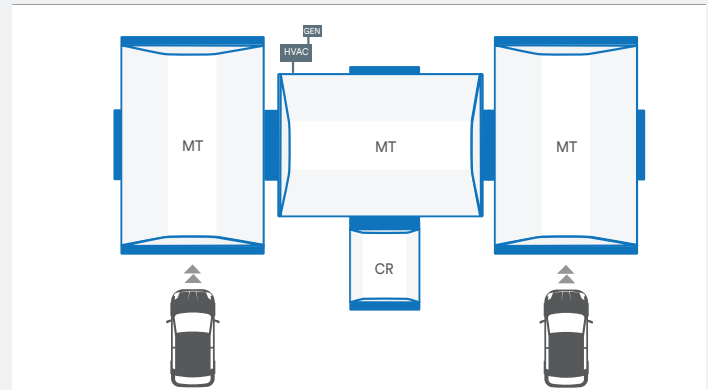

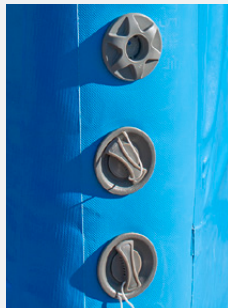

Designed to seamlessly integrate with your existing tents, this inflatable part allows for versatile configurations and easy expansion of your shelter setup.

SKU: K9100-CR

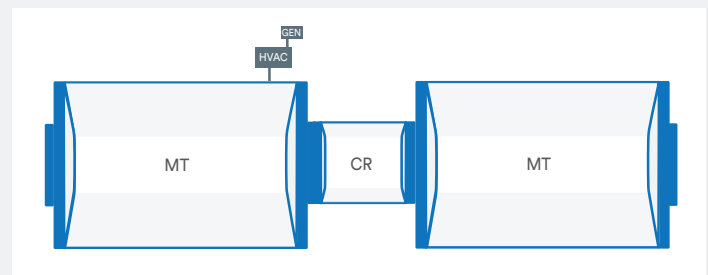

## CONNECTING ROOM

56 Square Feet

Medium Tents (MT) and Connecting Room (CR)

## SIGNATURE HIGHLIGHTS

### Enhanced Versatility & Seamless Integration

The package includes an inflator/deflator pump for quick setup and deflation, achieving full pressure (2.0 PSI) in 2 minutes via the Air Bank located on the corner.

Designed for seamless interconnectivity, the double hook and loop strapping system ensures a secure, weather-tight connection with your existing shelters.

Flexible roll-up door openings with a 76" clearance provide easy access and movement between spaces, enhancing overall functionality. Crafted with a robust PVC frame and welded seams, this connecting room ensures long-lasting durability and reliability in various conditions.

- CPAI-84/CSFM compliant.
- 1 person deployment within 2 minutes
- PVC frame with RF welded seams
- Roll-up door openings with YKK zippers
- Two adjustable windows with 3-position privacy and ventilation options
- Frame-mounted ID plate and QR code link users to instructional videos for easy guidance.
- Includes all tools and ground securing equipment, such as stakes, tethers, and storage container.
